## TERMS AND CONDITIONS

1. The values on our Price-List are public and substitute any other published or advertised before;
2. Each stated price corresponds to a single product;
3. The packaging is included in the price. If a specific packaging is desired, it will be charged to the client;
4. VAT is not included, this legal tax must be added to the price;
5. The price doesn't include transportation values and fees (ex-factory);
6. If the client chooses to transport the product(s) by his/her own method or mean, Bottonova sp. z o.o. will be free of any responsibility due to the transportation;
7. If the transportation is requested to Bottonova sp. z o.o. it will be charged apart from the product's value. Please note that Bottonova sp. z o.o. is not liable for damage sustained in transit cargo;
8. Bottonova sp. z o.o. has the ability to customize existing products or new products to meet contract specifications. These orders will necessitate special pricing based on quantity and features. All custom designs are subject to an upcharge. In specific cases of customization, additional design fees may apply. This will be determined on a case-by-case basis at which time the Buyer will be notified of any aid fees.
9. Bottonova sp. z o.o. ships its products without bulbs unless they are ordered as separate items. We do not ship light bulbs to the USA and any other countries that use 110-127V outlets.
10. Sockets and plugs included in Table and Floor lamps are in accordance with the E/F socket standards.
11. Bottonova Sp. z o.o. has certificates required in the European Union;
12. Many finishes are applied by hand and may vary in color, tone and character. While Bottonova sp. z o.o. will make every effort to match a Finish, no guarantee can be made of an exact match. Bottonova sp. z o.o. does not guarantee Finishes against fading and oxidizing throughout the years. Variations in color and veining are inherent in concrete and wood and considered to be part of the natural beauty of the material.
13. **Transport damages or visible defects** must be reported within 48 hours of delivery, with photographic evidence and, where applicable, a signed delivery note/protocol. Claims reported later will not be accepted.  
**Hidden defects** (not visible upon delivery) must be reported without undue delay and no later than 14 days after discovery of the defect.

All claims must be submitted by e-mail to:

[export@loftlight.pl](mailto:export@loftlight.pl) . Upon confirmation of the defect, Bottonova sp. z o.o. commits to replace the defective part/piece within a period agreed with the client. Failure to report within the above deadlines will result in the claim being rejected.

14. Bottonova sp. z o.o. is free to commit any design changes without prior notice. Images on the catalog or website may vary from the final product. We work every day to enhance our product's quality, aesthetics, usability and reliability.

## ORDER PLACEMENT

Orders should be placed by e-mail: [export@loftlight.pl](mailto:export@loftlight.pl)

**To place an order please specify:**

**Name of product / colour of material / colour of cable / metal elements / quantities.**

If you want to order multi lamp, please describe what kind of ceiling rose you need. In standard, ceiling rose is finished in the same color as a lamp, unless the description says different. If we don't receive a decision about the colour of the cable, we will install black as a standard.

## PAYMENT DETAILS

Order address:

Name: Bottonova sp. z o.o.

Address: ul. Robotnicza 64

53-608, Wrocław. POLAND

Company account:

Bank name: Santander Bank Polska S.A.

### LAMP PERSONALIZATION:

Depending on the model, the lamps can be personalized by choosing the right colors, finishing elements, light source and product combination on one larger ceiling rose.

#### 1. FINISHING ELEMENTS

It is possible to replace the default steel elements with copper or brass elements in the models listed in the table.

MODEL	TYPE	RETAIL NET
<b>FEBE VOLCANO</b>	11, 15	<b>+ 12 €</b>
<b>KALLA</b>	Kalla 1, Kalla 11, 21, 31	
<b>MEDANO</b>		
<b>PRIMITIVO</b>		
<b>SOPEL</b>		

#### 2. ELECTRICAL WIRES

It is possible to replace the default black braided cables with colored ones in silicone, polyester, cotton or linen braid.

The standard length of the cable is 120cm, the extension of the cable up to 200cm in the price of the lamp. Lamps with a stainless steel support line have a 150cm long cable in standard.

ADDITIONAL OPTIONS	TYPE	RETAIL NET
Cable extension above 200cm	Silicone / Polyester / Cotton / Linen	<b>+ 4 €/m</b>

[FULL RANGE OF LAMP CABLES – click!](#)

### 3. CEILING ROSES:

It is possible to replace the default ceiling rose with a concrete one, or a combination of several lamps on one Multi ceiling rose.

#### TYPES OF STANDARD CEILING ROSES

To understand the descriptions of lamps in the price list, below are photos of ceiling roses normally assigned to the products.

**FLAT**  
CONCRETE  
Ø 10,5cm | H 3,5cm

**FLAT**  
RAW STEEL OR POWDER  
COATED ALUMINUM  
Ø 10cm | H 3cm

**OVAL**  
ALUMINIUM  
Ø 12,5cm | H 2,5cm

**HEMISPHERE**  
STEEL  
Ø 10cm | H 5cm

**CONE**  
ALUMINIUM  
Ø 12cm | H 6cm

**FLAT CONCRETE WITH  
STAINLESS STEEL SUPPORT**  
Ø 10,5cm | H 3,5cm

**„RULON”**  
CONCRETE (LONGA  
HORIZONTAL)  
Ø 10,5cm | H 23,5cm

**CONE**  
PLASTIC (BEZA and FIORA)  
Ø 11,8cm | H 5,5cm

#### SINGLE CEILING ROSE:

- Concrete and steel ceiling rose – can be freely replaced. If you want to replace a standard ceiling rose, you must take this information into account when ordering. The price does not change.

**MULTI TYPE CEILING ROSE:**

suggested for mounting lamps with diameter max 11cm

- Round concrete multi ceiling rose - diameter 30cm with the possibility of attaching from 3 to 6 lamps - the price does not change. On request, it is possible to adjust a metal ceiling rose with a diameter of 50cm or more and make the right number of installation spots – subject to individual valuation. When choosing lamps with an E27 luminaire, attention should be paid to matching the size of the bulbs to the size of the ceiling rose, in order to avoid touching the lamp elements. For Multi lamps on a round ceiling rose, we recommend choosing lamps with a diameter of no more than 11 cm – below is a list of lamps that can be configured as a Multi lamp.

Lamp models that meet the requirements of a round concrete headliner Ø 30cm. If you choose the lamp with visible light bulb please remember about its size while choosing quantity of lamps.	
<b>BOLA BOLA</b> (all series) <b>Bola Concrete</b> <b>Bosca</b> <b>Febe Volcano 11</b> <b>Hidalgo</b> (max 3 shades) <b>Jubi Pendant</b>	<b>Kalla</b> (all series) <b>Matuba</b> (all series) <b>Sopel</b> <b>Woodoo</b>
<b>Metal multi ceiling rose ø50cm</b>	<b>+ 68 €</b>

LONGITUDINAL CEILING ROSE – standard for Concrete Line lamps

- Longitudinal ceiling rose - length from 40cm to 120cm. On request, it is possible to produce ceiling rose for the length required by the customer, with the right number of spots for a specific configuration of smaller or larger lamps.
- In order to adjust the length of the ceiling rose, pay attention to the diameter and number of lamps. The minimum distance of the extreme spots from the side edge is 7.5cm. The lamp is installed on the ceiling rose as in standard.

CEILING ROSE LENGTH	RETAIL NET
40cm	-
60cm	<b>+ 7 €</b>
80cm	<b>+ 12 €</b>
120cm	<b>+ 18 €</b>

#### 4. COLOURS AND MATERIALS:

It is possible to choose the color of the lamp depending on the material from which it was made. Please note that some colors are paid extra. More information about our materials on [www.loftlight.pl](http://www.loftlight.pl) in the color card tab.

##### 4.1. CONCRETE:

###### BASIC COLORS OF CONCRETE:

Concrete can present different degrees of color saturation on one element.

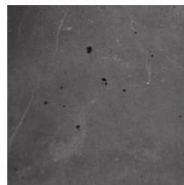

This is a natural result of the manual process of manufacturing our products, thanks to which each of our lamps is one of a kind.

01. NATURAL

02. GREY

03. ANTHRACITE

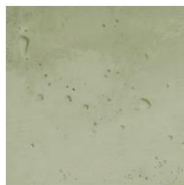

04. BLACK

05. BLUE

06. ASPARAGUS

07. BEAN

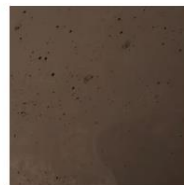

08. OCHRE

09. SAND

10. ROSE

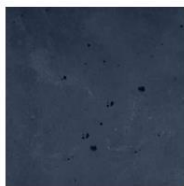

11. CHOCOLATE

12. TERRA

13. PEACH

14. NAVY

## 4.2. POWDER COATED SURFACE:

### SLIGHT LIGHT MATT COLORS:

The palette includes matt colors, selected from the Pantone color catalog.

### ANODE EFFECT:

The palette includes colors with a delicate pearlescent finish, inspired by the anodizing.

#### GLOSSY COLORS:

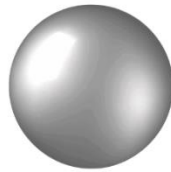

To the price of lamps in colors from the "effect" series should be added **7%** of the lamp value – the additional cost results from a different painting process to achieve the intended effect.

51. BLACK PIANO

52. WHITE PIANO

53. CHROME

54. GOLD

55. BROWN

56. CANTEEN

57. TAWNY PORT

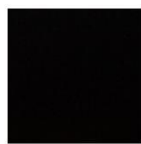

58. BLUEPRINT

#### 4.3. OTHER FINISHES:

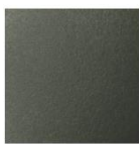

Finishes and materials are available only when choosing the right lamp models.

#### VELVET:

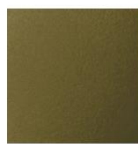

The palette includes the coloring of an additional coating with a nice soft structure, available only on lamps from the "Velvet" series.

91.  
BLACK

92.  
OLIVE GREY

93.  
OLIVE

94.  
CAMEL

95.  
COLD GREY

96.  
ANTHRACITE

#### METALS:

Depending on the lamp model, the finish may vary. Bola Bola series lamps have a perfectly shiny surface, Kalla series will present a rawer effect. Elements made of steel, brass or copper are not protected with additional products, thanks to which they will behave in a manner characteristic for a given material. To restore their original condition, they should be cared for with dedicated preparations.

61.  
INOX STEEL

62.  
BRASS

#### WOOD:

Depending on the lamp model, the finish may vary. Wood & Glass lamps collection have 2 finishes: subtle shiny surface in Woodoo lamps, and mat effect on Blaze and Bugie wall lamps, but the American Walnut is leaved in raw finish. Teak which is used in ConTeak lamp is finished with oil, which enhances the color and protects the wood.
